

LCEMS POLICY BOARD

MEETING MINUTES

August 10, 2016

Members Present:

Mary Beth Crawford, M.D.
Chief Barry Cousino
Chief Jeff Kowalski
Chief Paul Mullen
Chief Daryl McNutt
Chief Brandon Loboschefski
Chief Luis Santiago
Dennis Cole
David Lindstrom, M.D.

Absent:

Mayor Donald Atkinson
Laura Loyd-Jenkins
Mayor Michael Sefarian
Mayor Paula Hicks Hudson
Mayor Richard Carr
Trustee _____
Trustee John Jenewine
Chief Kevin Bernhard

Attendees:

Brent Parquette
Ralph Shearn
Pat Moomey
Chief Jim Price
Chief Karen Marquardt
John Barnes
Matt Sapra
Julie Goins Whitmire
Julie Georgeoff
Jason T Theadore
Jack Morasch
Mary Britton
Dr. Eugene Lin
Leigh Moore
Julie Shawver
Toni Bratt
Josh Harbarger
Liz Werdon
Dr. Dan Neumeyer
Dr. Matt Wierking
Dr. Tom Boggs
Dr. S. Zaidi
Dr. M. Jumma

Representing:

Hospital Council/St. Luke's
Springfield Twp. Fire Department
Sylvania Twp. Fire Department
Oregon Fire Department
Whitehouse Fire Department
Maumee Fire Department
Toledo Fire Dept.
Lucas County Emergency Services Director
LCEMS Medical Director

Village of Whitehouse
Lucas County Administrator
City of Oregon, CEO Mayor
City of Toledo, CEO Mayor
City of Maumee
Springfield Twp. Trustee
Sylvania Twp. Trustee
Lucas County Fire Chief's Association

CE Administrator/QA
LC Communications Manager
Lucas County EMA Director
Toledo Fire EMS Bureau
Toledo Fire EMS Bureau
180th Air Guard
Mercy
Mercy MSU
Mercy
Mercy
ProMedica
ProMedica – Toledo Hospital
Mercy
MSU
Toledo Hospital
Toledo Hospital
Whitehouse Fire
Flower Hospital
Mercy
UTMC – EM Resident
St. Luke's Hospital
Toledo Hospital
UTMC/TTH

Call to Order

The meeting was called to order by Dr. Crawford at 8:34 a.m.

Minute Approval

The minutes from the May 4, 2016 meeting were distributed to review. A motion was made by Chief Cousino and seconded by Chief Kowalski to accept the minutes. Motion carried.

Committee Reports

Medical Committee

Chief Cousino reported on the August 1st meeting.

Paramedic Committee

Chief Kowalski reported on the May 9th meeting.

CE Update

Brent reported September's CE is Rescue Task Force (RTF) training for Active Shooter incidents. Brent gave some background on how we started the process several years ago with law enforcement participation. Since then, Brent has had the opportunity to attend several training programs around the country on the topic which have helped him formulate our training program for the paramedics. Brent reported there is currently no commitment from TPD and sheriff to support RTF. Some of the suburban police departments are supporting RTF training. CE will be a four hour awareness program for the paramedics. Brent said he is hoping early next year to have law enforcement support. Brent questioned the chiefs to see if they supported putting the ballistic gear on the life squads without the complete LE/Fire training program. Brent reported he is sure the paramedics will have questions relating to if an event occurs. Chief Kowalski and Chief Cousino discussed Unified command and police presence at an incident and supported placing the equipment on the life squads so that protection is available if need by the paramedics.

EMS Billing

Dennis reported we are \$500,000.00 below our 2015 billing revenue same time last year. Dennis said that we are working with McKesson to research the cause.

2016 EMS Dispatch Reports

Ralph Shearn reported dispatch reports go out every month and anyone not getting them and want to receive them should email him. Ralph reported transports are about the same in July totaling 1302 and down from last year. Ralph said he has been looking at transport cancelation percentages and noting that from a life squad dispatch to transport the cancelation rate is 45% and from on scene to transport it is 43%.

MSU Reporting Points

Ralph provided Mobile Stroke Unit data which showed the number of dispatches and transports.

Presentations

Dr. Lin presented a six month review of the MSU. Dr. Jumma presented stroke data regarding RACE patients received at Toledo and UTMC hospitals and noted the increase times from onscene to door specifically related to MSU onscene time. Dr. Jumma restated that they are asking to have RACE patients be a load and go to reduce the call to puncture time in the best interest of patient care. Dennis asked each entity to provide a copy of their presentations to each other as well as to himself. They both agreed.

Discussions on what is best for the RACE patient with a score of 5 and higher ensued. Dr. Jumma cited some medical Journal documents that support his position that reducing time to clot intervention is the best interest of patient care for RACE patients. Dr. Jumma noted that for a RACE score 5 and higher reducing time to intervention has a greater value for patient recovery than tPA. Dr. Lin argues that the work up by the MSU also supports patient care.

Dennis noted that prior to the MSU program, EMS averaged only 17 minutes on-scene time with RACE patients which is what Dr. Jumma would like to get back to. Dennis asked Dr. Lin if they could modify their MSU protocols for RACE patients to achieve the same on-scene time. Dr. Lin didn't feel comfortable committing to that.

Discussion ensued on the issue with both stoke teams requesting to see data from the other hospital system but that can't be shared in a meaningful way without an IRB in place.

Dr. Crawford reminded the hospital representatives that when the recommendation was made to move forward with the MSU program, the Policy Board had the expectation they would work together through an IRB process. It was noted that there is a meeting scheduled for August 31st to try work out issues with the IRB. Dr. Crawford asked the doctors to use the meeting to come to some kind of agreement on RACE patients.

With the information presented, Dr. Crawford made the motion to modify the RACE protocol so that when paramedics arrive on-scene and declare a RACE score of 5 or greater, the life squad would cancel the MSU and transport the patient to the appropriate interventional hospital. The fire chiefs all voted in support of the motion. This would not take effect until after the completion of September paramedic CE. Dr. Crawford agreed to hold a Policy Board meeting September 7th in the event that the stroke teams could agree to a procedure at the August 31st meeting.

Open Discussion

Air Show

John Barnes gave a thank you to LCEMS and 9-1-1 for their support of the air show. John cited the communications were great. He also thanked the county for their availability and use of supplies and equipment. Dr. Lindstrom mentioned the triage tagging process worked well.

Adjournment

With no further business, the meeting was adjourned at 9:45 a.m. The next scheduled meeting will be October 5th at 8:30 a.m.
