When you zoom in to an area on the map, you'll see the map and legend populate with the respective elements. The one that we are interested in here is the Road Centerlines, which is represented by a simple grey line:

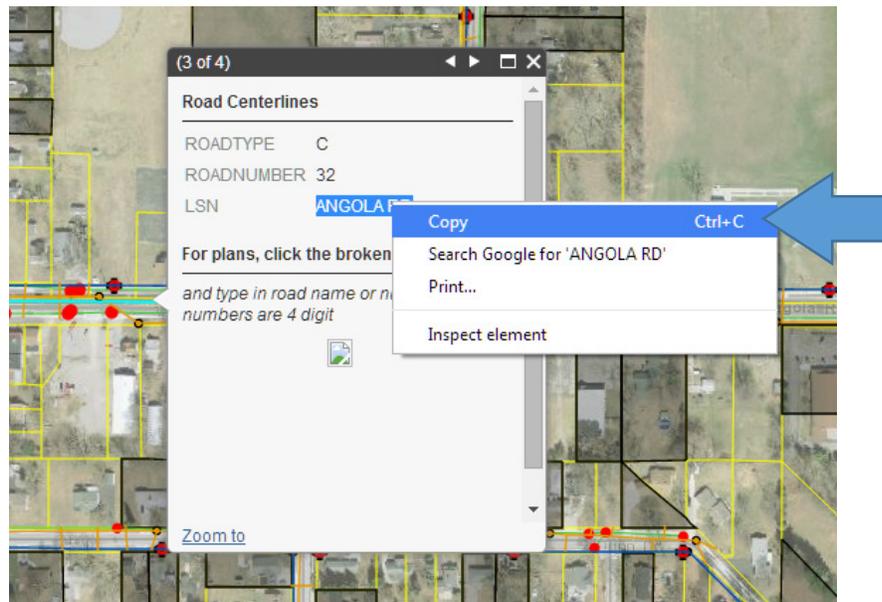

RoadCenterlines

If you click a centerline of a road you are wanting to look up plans for in the Infrastructure Documents Online Viewer, you will see this. As you can see, the instructions at the bottom of the box instruct you to click on the broken image link, which takes you to the Infrastructure Documents Online Viewer:

You can also highlight the LSN (Street Name), right click and click Copy:

Now you can click the broken image link, which takes you to the Infrastructure Documents Online Viewer.

On the left hand side, click in the Street field, right click and click Paste:

Engineer's Infrastructure Plans

Street

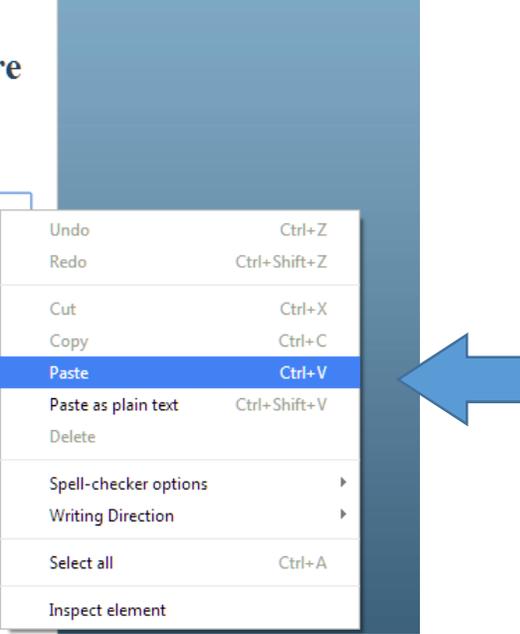

CE Road Number

CE Project Type

From/At Limit

CE To Limit

CE Plan Date

- Undo Ctrl+Z
- Redo Ctrl+Shift+Z
- Cut Ctrl+X
- Copy Ctrl+C
- Paste Ctrl+V**
- Paste as plain text Ctrl+Shift+V
- Delete
- Spell-checker options ▶
- Writing Direction ▶
- Select all Ctrl+A
- Inspect element

Click Search:

Engineer's Infrastructure Plans

Street

CE Road Number

CE Project Type

From/At Limit

CE To Limit

CE Plan Date

Here are the results. You can click on any one of the results, and the plan will come up in a PDF format that can be printed or saved:
