Date: December 3, 2013
To: Lucas County Data Processing Board
Attn: Anita Lopez, Lucas County Auditor
From: Jenny Spalding, Office Manager
Re: Request for inclusion on the Agenda of December 2013

Message:

The Facilities Department received approval from the Lucas County Administrator to streamline our operations with the purchase of hardware and software with associated services for time clock and attendance management software. Our Director Doug Podiak has been in contact with Ron Heinhold at the Auditor's office while reviewing various time management systems/software packages.

TimeClockPlus by Data Management appears to be the best fit and cost. We intend to use the iCloud based services with virtual support per the attached quotation. With the hybrid system, only one clock is needed, as users may log in through the internet as well. This agreement also provides for attendance information to be uploaded to the Peoplesoft HCM system alleviating the need for time cards and much associated paperwork, i.e. absence slips.

The quote from TimeClockPlus is attached. The \$2,636.28 will be paid from the Facilities budget (General Fund dollars).
