RE: Laptop Computers

Sir, I am requesting an additional new Laptop Computer and a Projector for the Training Section.

Upcoming our section will be required to complete numerous State mandated training sessions on and off site, with only the use of two (2) laptops currently by five (5) staff members.

Since many of these trainings will be held simultaneously (2 or more) because we do not have the space to facilitate the size of trainings to cover our number of deputies, since our EOC only has seating for 22 people, having these additions to our Section would be beneficial.

~~Since we already have the mentioned two (2) laptops, the addition would give us a one for each of the different locations as mentioned above, or a spare or loaner for those officers doing In-house Trainings in our EOC, while the Off-site trainings are being conducted to larger groups.~~

Since most of the Off-Site locations have limited dates of usage for us, running multiples at the same time insures we cover larger audiences in the shortest time span.

Please contact me if any questions or any suggestions with this request.

Thank you for your attention and consideration with this.

Sincerely,

Tony Hook
