# Enable Java Script In MS Internet Explorer

(1) Choose Tools Menu then Internet Options.

(2) Click "Security" Tab at top then click "Custom Level".

(3) Scroll down to the "Scripting" area and make sure "ENABLED" is selected.

Enable Java Script In Netscape

① Choose the "Edit" menu then click on "Preferences" at the bottom of the list

② When the Preferences window appears, select the "ADVANCED" option in the Categories. Make sure there is an "X" next to "Enable JavaScript for Navigator".
